For OUS, enrollment key is mendatory and is used to assign user department in Absorb. For US, country and profession combination are used to assign user department in Absorb.			
Author: SHuang5 Subject: Sticky Note Date: 5/4/22, 8:58:24 AM			
Suggestion: We should eliminate field. The current system logic for using enrollment key to assign user department need to be simplified by using country to assign the department. But, this will need to align the Jennifer and LMS admins. We will use the "upper right corner" enrollment key fields for user who want to sign up course with enrollment key.

Opt-in into tailored learning will require integration with Absorb for creating Absorb user account.			
Author: SHuang5 Subject: Sticky Note Date: 9/9/22, 2:24:27 PM			
Suggestion: We should eliminate this checkbox and default to create an Absorb user account with B2C account for all users to avoid the confusion Tailored learning upgrade steps. However, Absorb CMS admin will need to align with this approach.			
Number: 13 Author: RTancin Subject: Sticky Note Date: 9/9/22, 2:21:57 PM Differen user journey will have its corresponding enrollment key input field, except Velys which has pre-assigned enrollment saved in backend based or Velys+profession.			
Author: SHuang5 Subject: Sticky Note Date: 5/4/22, 9:00:26 AM Suggestion: we should eliminate this field and use the "upper right corner" enrollment key field for program enrollment based on enrollment keys.
